

Certare cum Causa --- Compete with Purpose

The Mason City Soccer Club (MCSC) was created in 2014 with the purpose to develop a competitive soccer club that fosters enjoyment and understanding of the game, and the growth and development of soccer players and teams by having an appropriate level of competitive challenge to allow for the players to reach their full athletic and soccer potential.

MCSC players are boys and girls between ages 8 and 18. Teams play a spring and fall season. They travel to regional soccer tournaments to compete with teams from all over the Midwest. The MCSC plans to develop a soccer complex and host soccer tournaments in Mason City.
