

CONTAINMENT COATINGS

Cures in Seconds, Lasts for Decades

rhinolinings.com/industrial

WHETHER WORKING IN ARCTIC COLD OR DESERT HEAT, Rhino Linings® protective coatings stand up to some of the toughest field service conditions.

Our spray-applied 100% solids (Zero VOC) polyurethanes, polyureas and hybrids offer durable protection against corrosion, petroleum leaks and spills. Once applied, our coatings tenaciously adhere to various substrates to offer lasting, maintenance-free protection for your facilities and equipment.
